Dear Parent/Carer

Class 7 Project 'Growing up in Netherfield'

We wrote to you on 21 March regarding the above research project, which the County Council and Nottingham Trent University are conducting with our Class 7 children.

As part of this project your child will be bringing home a disposable camera to take photos of the environment where they live and play. We have spoken to your child in detail about appropriate use of the camera. **They are aware that they must only photograph those people who are happy to be in the pictures.** After three days your child will need to bring the camera back into school and let their project partner have it for the next three days. If you are not happy about your child doing this, please come and speak to me and we will ensure the camera does not go home with them.

Thank you for your ongoing support.

Kind regards

Paula Taylor
Assistant Headteacher
