Summer
Term

PROJECT

This term our project is called Made in Britain. We will explore some of the different places in Great Britain, particularly the British countryside and seaside. This term in SEAL we will be looking at the gender stereotypes of girls and boys and relationships. We will be naming the different body parts for girls and boys and looking at the differences and similarities using the correct terminology. This is part of a whole school approach.

PE

Our PE lessons will be on a Monday afternoon.
Please ensure your child brings a full PE kit to change into, including appropriate footwear.

National Tests in Year 2

During May the children will undertake National Testing (we discussed this at parent's meetings). We keep the tests and assessments as low key as possible and the children are not told they are SATS test: as far as they are they are just another assessment for school so we can see how they are doing. If you have any questions or concerns, please come and see us.

HEALTHY SCHOOLS (Milk, snacks etc.)

Children can bring in water bottles if they want to, but there are always cups for water in the classroom for the children if they need a drink. Please provide sun hats when the sun shines!

ENGLISH

Our writing will also be linked to Great Britain and we will explore British animals and the seaside!
Children will be given spellings and will be tested each Friday.
Please read with your child as much as possible - it will make a difference to your child's reading progress.
