Autumn
Term

PROJECT

This term our project is 'Journey to the Centre of the Earth'.

We will be learning about volcanoes and earthquakes in geography and learning about the impact on the Italian city of Pompeii. We will also be learning about the Stone Age and early civilisation. We will be linking this to our science learning about rocks. All other areas of the curriculum will be linked to our project.

PE

Our PE lessons are on Thursdays. These will be outdoor dodgeball for Class 6 and swimming for Class 5.

Please ensure your child brings a full PE kit to change into. No earrings are to be worn.

Volunteers

Thank you to all our volunteers who have supported with our swimming sessions. We really appreciate your help.

If you are able to support in school by listening to readers, please speak to the staff in Year 3 for more information!

READING

Children are expected to read at home at least 5 times per week and this must be recorded in their reading diaries.

Rewards will be given to those who are reading regularly.

ENGLISH

Our writing will be linked to our project on Journey to the Centre of the Earth. We will be looking at Pompeii and the Stone Age, writing stories and reports on what we learn based around our core text 'Stone Age Boy'.

The expectation is that children are practising their spellings daily. These will be sent home on Wednesdays and will not be assessed formally. However, we will be assessing children's application of these spellings to their written work.

MATHS

In Year 3, children should know their 2, 3, 4, 5, 8 and 10 times tables. We would appreciate any practise you can do at home!

Children will be given maths homework each week. Please hand it in the following week.

The homework will be collected and filed in their homework folders along with any completed Topic homework.
