

Year 4 Summer 1 Newsletter Class 7 & 8

Dear Parents/Carers

We hope you had a relaxing Easter and didn't overdo it on the chocolate!! We cannot believe it is the Summer term already. Thank you to all those children who completed their home learning booklet and read over the holidays: you are fantastic! In Class 7 Miss Mulligan will be teaching for most of the week and Mrs Taylor will continue to teach on Monday, Tuesday and Wednesday afternoons.

Project

Our project for our final term is **What is Power?** We will be learning about the Vikings, myths and legends and electricity. We already have a Viking visitor booked for later in the term. We are also focusing on dragons! Our home learning projects will be focused around these themes.

Home Reading

As part of their literacy home learning, children are expected to read daily. It is clear that those children who read at home regularly are making better progress in reading generally, than those who do not. Please, please encourage your children to do this: it doesn't take long and makes such a difference. Children can write in their own reading diaries: you don't need to sign it off.

PE

PE for both classes is now on a Friday. It is school policy that children wear the correct clothes for PE. The focus for the summer term is striking and fielding.

SRE

This term SEAL will be about Relationships. We will be learning about life cycles, body changes and puberty. This is part of our whole school approach. We have also changed our whole class and personal IIP targets – ask your children about them!

Diary Dates

Friday 29 April 2016 – Viking Visit into school
Mon July 4 – Fri July 8 High Ash Week

There will be a whole school newsletter out shortly with key dates on including Transition Days and Sports Day.

Warm wishes

The Y4 Team

Miss Lievesley, Mrs Taylor, Miss Mulligan, Mr Beet and Miss Hodkin
